Holly Mackin spoke to council regarding her father's property at 2019 Adams Road. There have been complaints from Compton Lakes apartment about the over growth in the open field between the two properties, which back up to each other. It has never been mowed in the past.

Mr. Kocher would like to compromise with maintaining a 5 foot strip to be cleared. Everybody would be required to do this along that fence line. The City is only asking to maintain your own property.

SAFETY SERVICE DIRECTOR'S REPORT: *Bill Kocher*

Received a call from Metro and they would like to change their route #16. They would like to go down to Hastings to make the right. Mr. Kocher did not see a problem with this, but if a problem arises we will address it at that time.

We have been working on the budget towards next year. It is tough, but we will get through it.

Work has started on the park restroom and pavilion. They will continue work through November and December.

This is an idea for a later work session; at the end of St. Clair there is a right of way that the city owns two parcels. We have recently been getting calls needing more gravel put on their drive ways. This is just something council will need to look at in the future.
